Personal Info

I am a Full Stack Developer with hands-on experience in the MERN stack and Next.js, passionate about building scalable web applications. I have integrated modern AI solutions and worked on real-world projects in startup acceleration, ed-tech, and recruitment platforms. My commitment is to deliver high-quality software solutions

Professional Experience

Junior Software Associate

Sns Innovation Hub

📅 07/2024 - 07/2025 | Coimbatore

A software innovation hub focusing on technology solutions

- Developed full-stack web applications using MERN and Next.js
- Built reusable UI components and optimized performance using dynamic rendering
- Integrated backend APIs and managed authentication and authorization logic
- Collaborated with a cross-functional team to deliver scalable products
- Used Git and GitHub for version control and collaboration

Projects

1. Startzy – Startup Accelerator Platform

Platform to assist early-stage startups with tools, mentoring, and connections

Built the full-stack architecture, implemented user onboarding, and integrated startup funding module

Tech Stack: Next.js, Node.js, Express, MongoDB

Url: <https://www.startzyai.com/>

2. Interview Portal – Assessment & Hiring Platform

Online tool for interview management, candidate evaluations, and reporting

Developed question modules, auto-evaluation logic, and admin dashboard

Tech Stack: React, Express, Node.js, MongoDB

3. EdCom – Student Admission & Certificate Portal

A portal for student admissions, fee payments, and certificate verification
Implemented multi-step admission form, real-time validation, and secure payment gateway integration

Tech Stack: React, Express, Node.js, MongoDB

Date:
Place:Coimbatore
